

Dear Parents,

We would like to thank everyone for your continual support during these unprecedented times. I have created a learning plan for those families who have decided to keep their children at home. It would be invaluable for continual learning of Italian at home. This is a letter outlining the Year 3 to 7 Italian Learning requirements at home.

A Choice Board for all year 3 to 7 students has been provided, whereby students can freely select any activity they choose on a daily basis if possible and complete the activities if required to write, into their Italian books.

If students do not have their Italian books, all written activities can be completed in a file on a computer, notebook or on paper.

The Italian Radio Uno can be tuned on the frequency 87.6 FM. Students can engage in listening to authentic Italian and try to identify any words they may know, following the instructions linked to it in the Choice Board.

Kind Regards,

Signora Rosa Vento

Italian Language Teacher
