

Dear parents and caregivers,

To support families that have chosen to keep children home from school for the remainder of Term 1, we have put together some recommendations for home learning during this time.

A booklet of learning activities has been compiled for your child to complete. The contents of the booklet covers concepts that have been introduced in class throughout the term.

The Phonics focus is on revising introduced sounds to support fluency.

A daily time allocation for various activities throughout the day has been included as a guide. This is a suggestion only and you can assist your child to complete tasks at times convenient to you and your family.

Many activities can be completed in the booklet provided. Other activities require writing or cutting and pasting. These activities can be completed in an exercise book.

Please remember that learning at home is not designed to replicate learning at school. Supporting your child/ren and encouraging them with the tasks provided will help to keep learning happening in an alternative way for the time being.

If you have any questions, please do not hesitate to contact us via email or Seesaw.

Kind Regards,

The Reception teaching team

Kate McDonald, Mel Paladino, Meagan Thompson and Kate Monaco
