

East Marden

PRIMARY SCHOOL

Dear Families,

With so many families choosing to keep their children at home, the Year 1 Team have created some learning tasks that children can do at home with parents. These tasks are in line with our curriculum overview for Term 1. Many of the tasks will be revision of what has been taught throughout the term.

Choice Boards

We have made 3 choice boards for your children to work through at home. One for Maths, one for English and one for other subjects. Please help your child complete a few tasks each day. You may wish to share some of their learning with us via Seesaw.

Online Resources

Your child will have access to **Oxford Reading Buddy**. This site gives children access to a very large number of e-books. Your child is linked to texts which are appropriate and in line with their current reading skills. Login details are available from the class teachers. We can send this via Seesaw, email or paper.

Communication

We will be available to contact during work hours via Seesaw and email. Please feel free to contact us with any question you might have regarding the tasks.

Regards,

Year 1 team
