

# East Marden PRIMARY SCHOOL

Dear Parents and Caregivers,

This is a letter outlining the Year 5 home learning expectations for the next two weeks.

### Information for Parents

Attached are a range of learning tasks aligned to what we are currently learning in the classroom for your child to complete at home. Please guide and support them in their home learning when suitable. We are also expecting students to use their initiative and take charge of their own learning while at home when appropriate.

We have also attached an example of how a learning day could be structured and a planning summary outlining the learning that has been covered throughout Term 1.

We understand that many people may be sensitive, stressed and tired at the moment. We don't learn best when we are stressed and tired so feel free to take this time to be with your families in new and creative ways at home and try focusing on connections and feelings of safety for those who need it.

### Information for Students

Using SeeSaw, please keep your teacher updated with the tasks you are completing by:

- Uploading photos of your work with a description
- An audio learning journal describing your work
- Another method of sharing your work on your SeeSaw journal (a drawing, a video, upload work from your computer at home)

You can add to your Seesaw journal at the end of each day. Use the QR code on a laptop, computer or a hand held device.

If you have any questions about your learning tasks, please message on Seesaw or e-mail your teacher. Keep in mind that we are still planning, teaching and going about our usual work at school with students in the classroom. We may not be able to reply to your e-mail straight away. Please be mindful of how often you are sending an e-mail to your teacher and how important the question is.

Your teacher may post important information to Seesaw, like the QR code or spelling words, so please keep updated for any new posts.

We thank everyone for their understanding and patience. We are working hard to ensure every student has educational activities available to them as well as supporting the students at school.

Kind Regards,

**Year 4/5 Teaching Team**
